

Important News from the

IDAHO STATE SEED LAB

The Idaho State Seed Lab announces the implementation of Pure Harvest, a new program to allow instant Internet access to test results! This new program will add customer convenience to a lab that already has some of the lowest sample fees in the Western United States!

What does the program do?

The program allows instant access to sample results and test information via the Internet and email allowing faster access to lab results and provides those results in a format that can be instantly forwarded to company clients.

How does the program work?

As sample tests are completed, participating companies will be notified of official test results via email and the Internet, eliminating the need to wait three days for official sample results or to decipher language on a poor facsimile copy.

How can I participate in the program?

It is simple and easy to sign up for Pure Harvest. Simply fill in the information at the bottom of this flyer. You can either mail it to Idaho Seed Lab, 2240 Kellogg Lane, Boise, Idaho, 83712, or fax it to (208) 334-3482. You will be notified of your password via email, along with instructions on how to set up the program on your computer.

Can I sign up online?

Yes! Go to www.agri.idaho.gov/plants/seed.htm and fill the form out online.

Who can I contact for more information?

If you have any questions or would like more information, please contact Choice Rawson at (208) 332-8632 or by email at crawson@agri.idaho.gov.
